

Mike et al - just a couple of additions and corrections, as I recall them:

- The raffle was mentioned as a possible 2004 item.
- The EMC relationship is to be handled solely by Dana (as a result of his existing relationships at EMC, not because of being President).
- Chapter wear - Greg will work on a contract with Dave Brighton. The proposed 70/30 split between Brighton and the club is tentatively OK, if it applies to the difference between Dave's cost of buying the items and a mutually-agreed selling price, and the club will not accrue any additional expenses for marketing the items.
